A good interest is still manifested and the number of books loaned is about the same or perhaps a few more than last year.

The books that have been added this year comprise some of the best fiction, biographical and historical works, and also a fine selection of miscellaneous.

In selecting much care has been taken to select good books that will interest all, and make the library as attractive and as pleasing as we can and at the same time keeping in view a higher and better class of educational reference and standard books.

BOARD OF EDUCATION, DISTRICT NO. 1

We herewith submit our annual report upon the work of the schools of the Village Precinct of Hanover. This report is for the calendar year Jan. 1, 1906, to Jan. 1, 1907.

With the exception of the Principal of the High School there has been no change in the force of regular teachers during the year. This continuity of service contributes more than anything else to the smooth and efficient running of the school and is always a matter for congratulation.

In the Second Primary room the number of pupils has become this year too large for efficient handling and Mrs. A. L. Kibling has been engaged to assist Miss Applebee part of each day in personal instruction of pupils that needed individual care.

Principal W. B.Woodbury left us at the end of the last school year to accept a position elsewhere. He had given the school four years of efficient and devoted service and we parted with him with regret.

As his successor your Board fortunately secured a graduate of Dartmouth College, of the year 1897, Mr. Franklin E. Heald, an experienced and successful teacher.

Miss Cowles as first assistant and Miss Smith as second assistant continued their invaluable services.

The teachers from the College, furnished in accordance with the existing arrangement, are men of unusual

excellence—Mr. George W. Putnam in Latin, Mr. Randall Cooke in Greek, and Mr. Robert I. Adriance in History. Miss A. A. Estabrook has been engaged to teach Music in the grades, and it is hoped that instruction in this important subject can be permanently provided for.

By a re-arrangement of studies an additional year in French has been provided for to meet the requirements of the girls' colleges, also a fuller course in Civics and the Constitution of New Hampshire.

At an expense of several hundred dollars suitable tables, sinks, etc., have been put in for modern laboratory instruction in Chemistry.

It will be necessary to add to the equipment in Physics in a similar way during the present year.

The graduating exercises of the class of 1906 were held in the School hall June 15, with the following program :

Music

Prayer—Dr. Lucius Waterman.

Music

Salutatory and Oration—The Panama Canal,
Edward H. Loveland.

Class Will,
Gladys E. Marshall.

Music

Oration—My Poets' Corner,
Marion B. Lewis

Class Prophecy,
Ruth A. Carter.

Oration and Valedictory—The Beauty of the Iliad,
Rena B. Pell

Music

Awarding of Diplomas.

Singing of Class Ode—Written by Mary E. Nash.

Class Marshal—Henry B. Simoneau.

The number of tuition pupils continues large and the average attendance of scholars is increasing, so that the inadequacy of the present school building is becoming more and more evident.
